

PERFORMED BY VANILLA PUDDING FINANCE
FOR CONTRACT ADDRESS: 0x4cF66714455140cf65E23edB0c56a18C46342440

INITIAL DISCLAIMER

Vanilla Pudding Finance provides due diligence project audits for various BSC projects. Vanilla Pudding Finance in no way guarantees that a project will not remove liquidity, sell off team supply, or otherwise exit scam.

Vanilla Pudding Finance does the legwork and provides public information about the project in an easy -to- understand format for the common person.

Agreeing to a project audit can be seen as a sign of confidence and is generally the first sign of trust for a project, but in no way guarantees that a team will not remove ***all*** liquidity (“Rug Pull”), sell off tokens, or completely exit scam. There is also no way to prevent private sale holders from selling off their tokens. It is ultimately your responsibility to read through all documentation, social media posts, and contract code of each individual project to draw your own conclusions and set your own risk tolerance.

Vanilla Pudding Finance in no way takes responsibility for any losses, nor does Vanilla Pudding Finance encourage any speculative investments. The information provided in this audit is for information purposes only and should not be considered as investment advice.

Website Part 1 – Overview

<https://lifeandfuturetoken.com/>

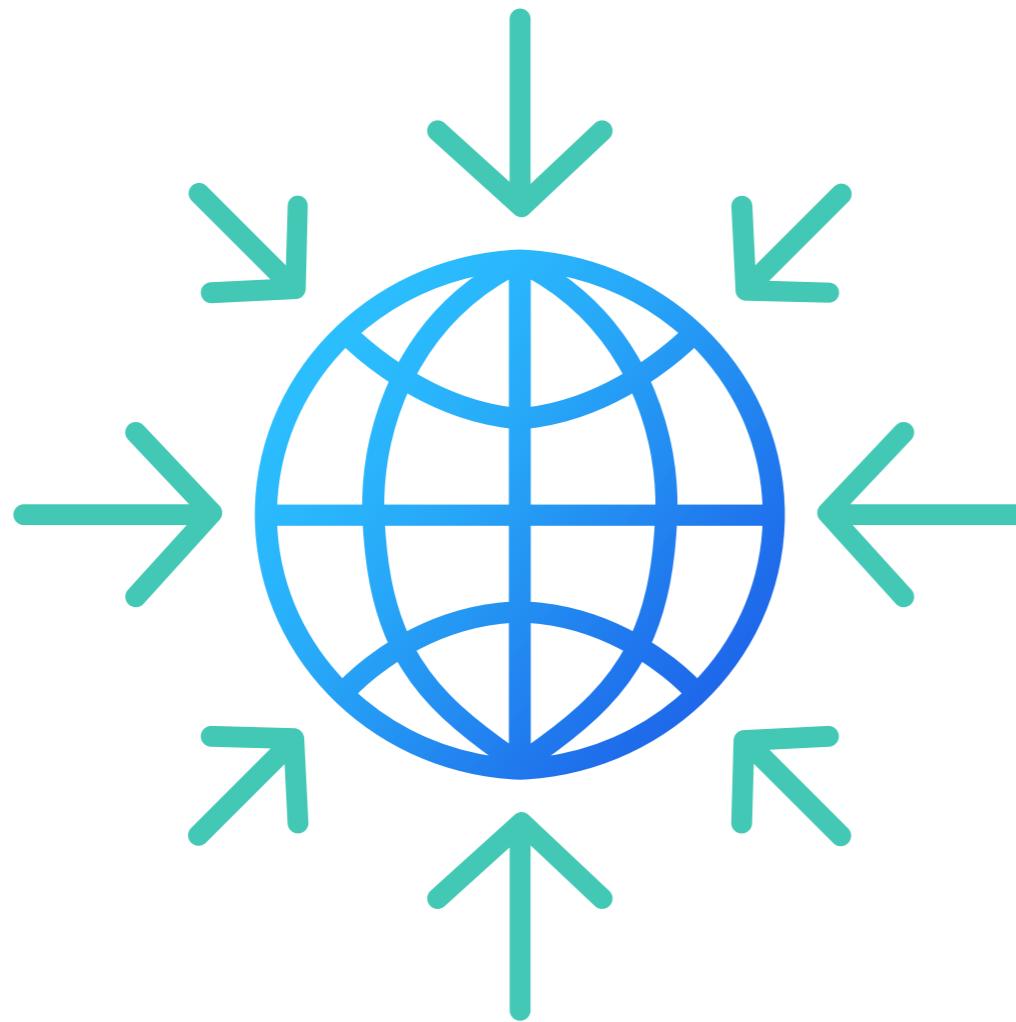

Above images are actual snapshots of the current live website of the project.

Registration for this domain is not available.

Website Part 2 – Checklist

- ✓ **Mobile Friendly**
- ✓ **No JavaScript Errors**
- ✓ **Spell Check**
- ✓ **SSL Certificate**

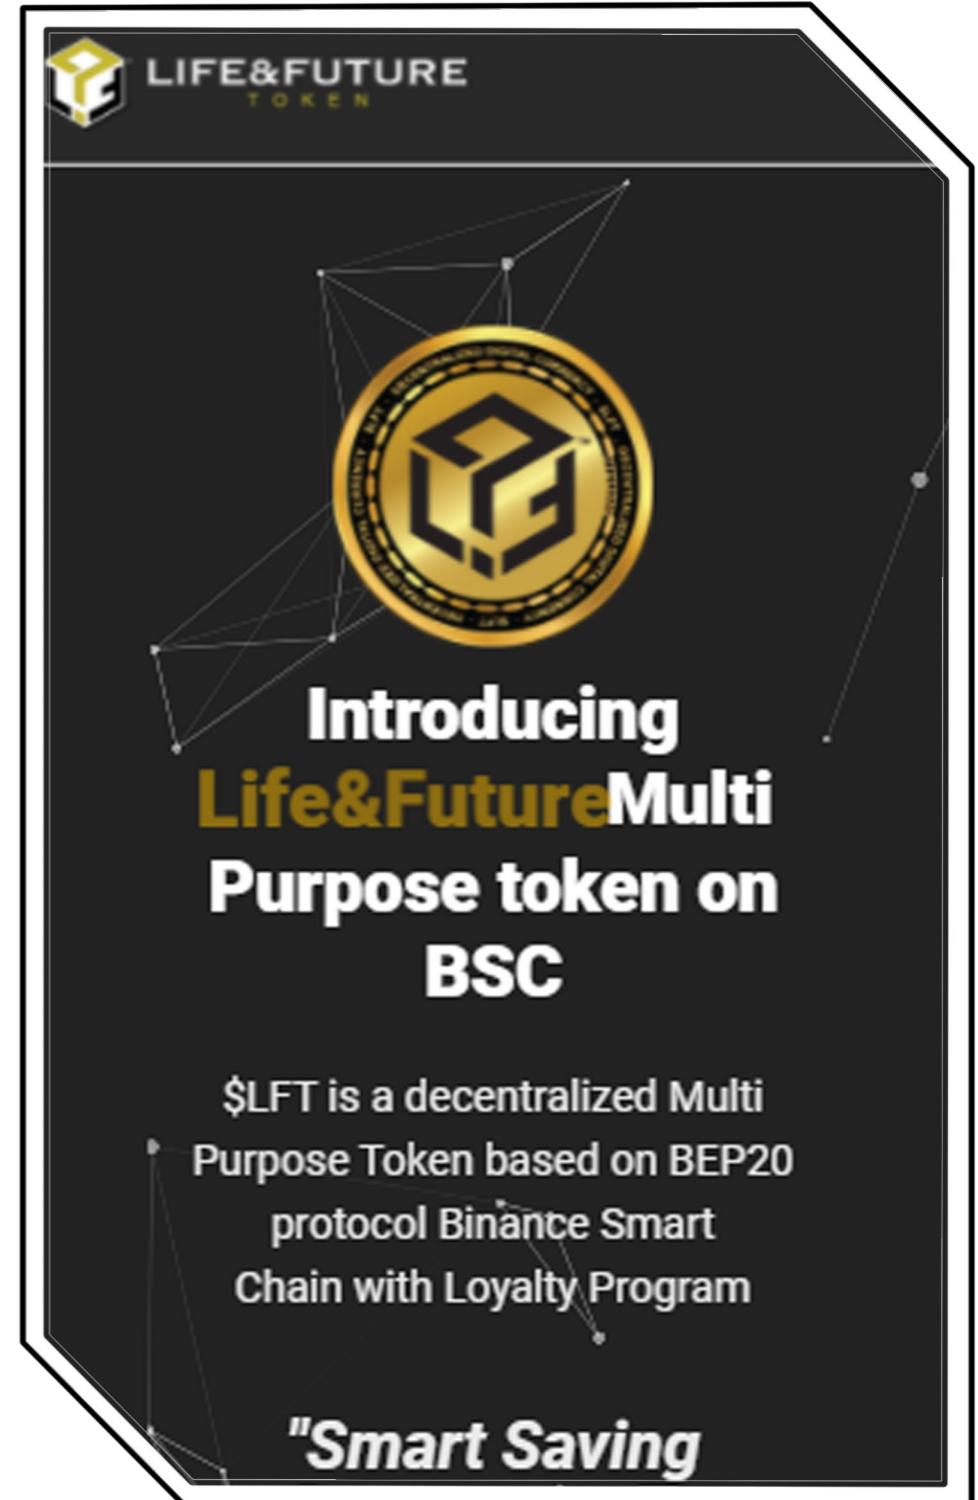

The website contained no JavaScript errors. No typos, or grammatical errors were present, and we found a valid SSL certificate allowing for access via https.

No additional issues were found on the website.

Website Part 3 – Responsive HTML5 & CSS3

No issues were found on the Mobile Friendly check for the website. All elements loaded properly and browser resize was not an issue. The team has put a considerable amount of thought and effort into making sure their website looks great on all screens.

No severe JavaScript errors were found. No issues with loading elements, code, or stylesheets.

Website Part 4 (GWS) – General Web Security

SSL CERTIFICATE

A valid SSL certificate was found. Details are as follows:

Offered to:
lifeandfuturetoken.com

Issued by: R3

Valid Until: 09/12/2021

CONTACT EMAIL

A valid contact email was found on the official website. Contact email is listed as shown below:

Contact

Form on Website

SPAM / MALWARE / POPUPS

No malware found

No injected spam found

No internal server errors

No popups found

BEP-20 Contract Audit – Common Vulnerabilities

```
*Submitted for verification at BscScan.com on 2021-09-18
*/
pragma solidity ^0.8.5;

abstract contract Context {
    function _msgSender() internal view virtual returns (address payable) {
        return payable(msg.sender);
    }

    function _msgData() internal view virtual returns (bytes memory) {
        return msg.data;
    }
}

interface IERC20 {
    function totalSupply() external view returns (uint256);
    function balanceOf(address account) external view returns (uint256);
    function transfer(address recipient, uint256 amount) external returns (bool);
    function allowance(address owner, address spender) external view returns (uint256);
    function approve(address spender, uint256 amount) external returns (bool);
}
```

Integer Underflow

Integer Overflow

Correct Token Standards Implementation

Timestamp Dependency for Randomness

Unexposed Private Transfer Function

Transaction-Ordering Dependency

Code is truncated to fit the constraints of this document.

[The code in its entirety can be viewed here.](#)

The contract code is **verified** on BSCScan.

Common vulnerabilities were not found in the token's Smart Contract as shown above.

Social Media

We were able to locate Social Media networks for the project including Twitter and Telegram. All links have been conveniently placed below.

[Telegram](#)

[Twitter](#)

At least 2 social media networks were found.

Social and Web – Final Thoughts & Suggestions for Improvement

We were able to track down social media channels for the project. Social Media channels included Telegram. All social media channels had a healthy amount of activity.

It is important to note that there is an 16% tax on EVERY transaction including buys and sells. 6% goes to providing buyback, and 5% is distributed to loyalty program and another 5% goes to marketing wallet.

We were unable to find a contact email on the main website. We would like to see this added as a more official means of communication.

This project is being audited before launch. We expect many things to change post-launch. Please review the links on all the pages to make sure that the most up-to-date information is being reviewed. Vanilla Pudding Finance conducts the audit at or prior to the block number written on the cover of this report.

Suggestions for Improvement

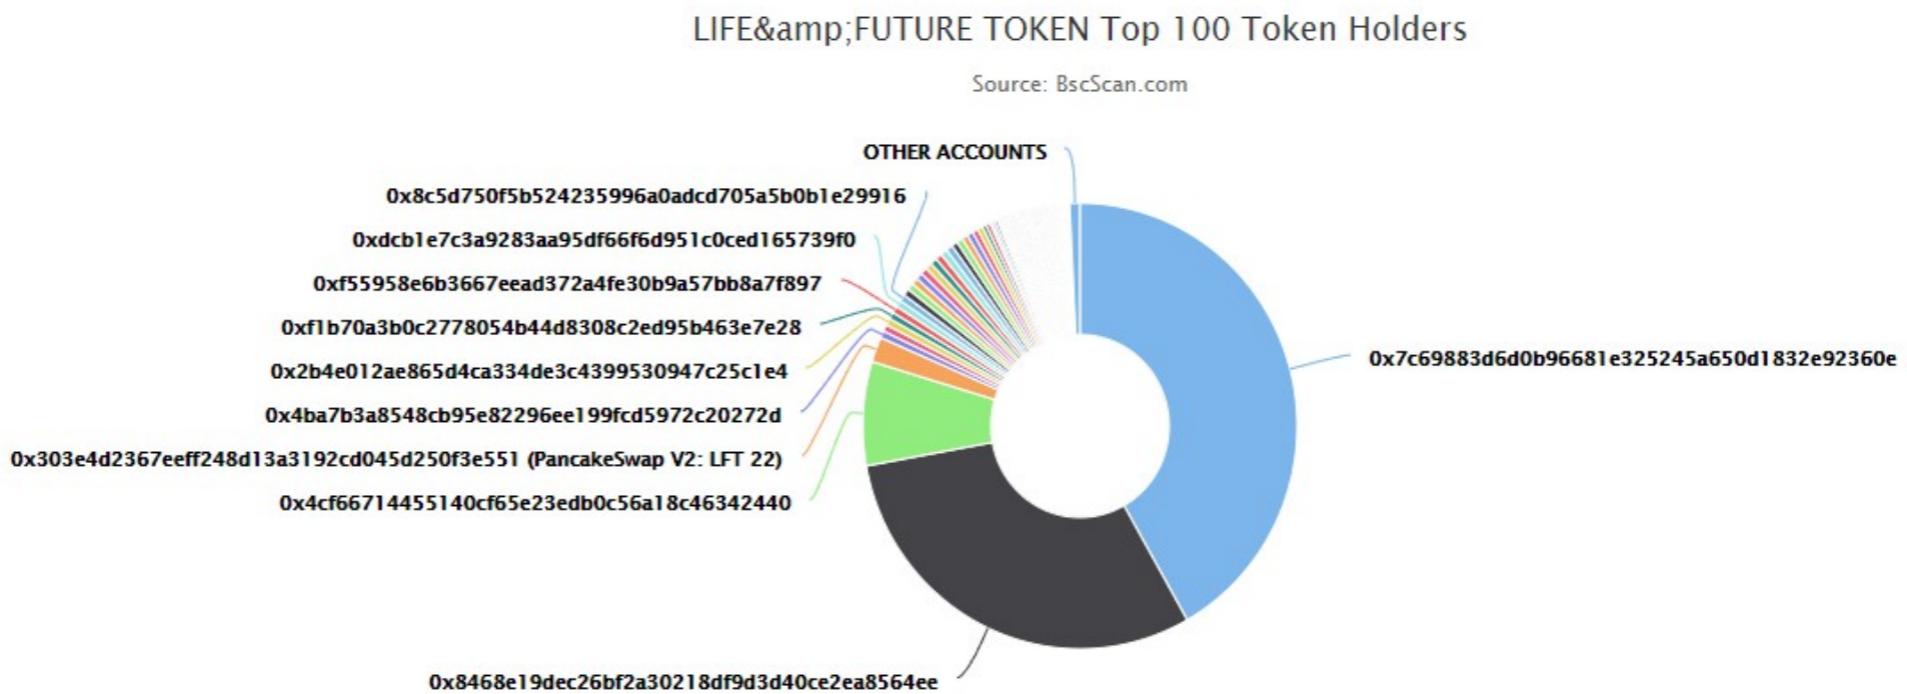

1. Add contact email or form to the website **✓Resolved**
2. Update domain registration to 3+ years **✓Resolved**
3. Add additional social media networks **✓Resolved**

Top Token Holders

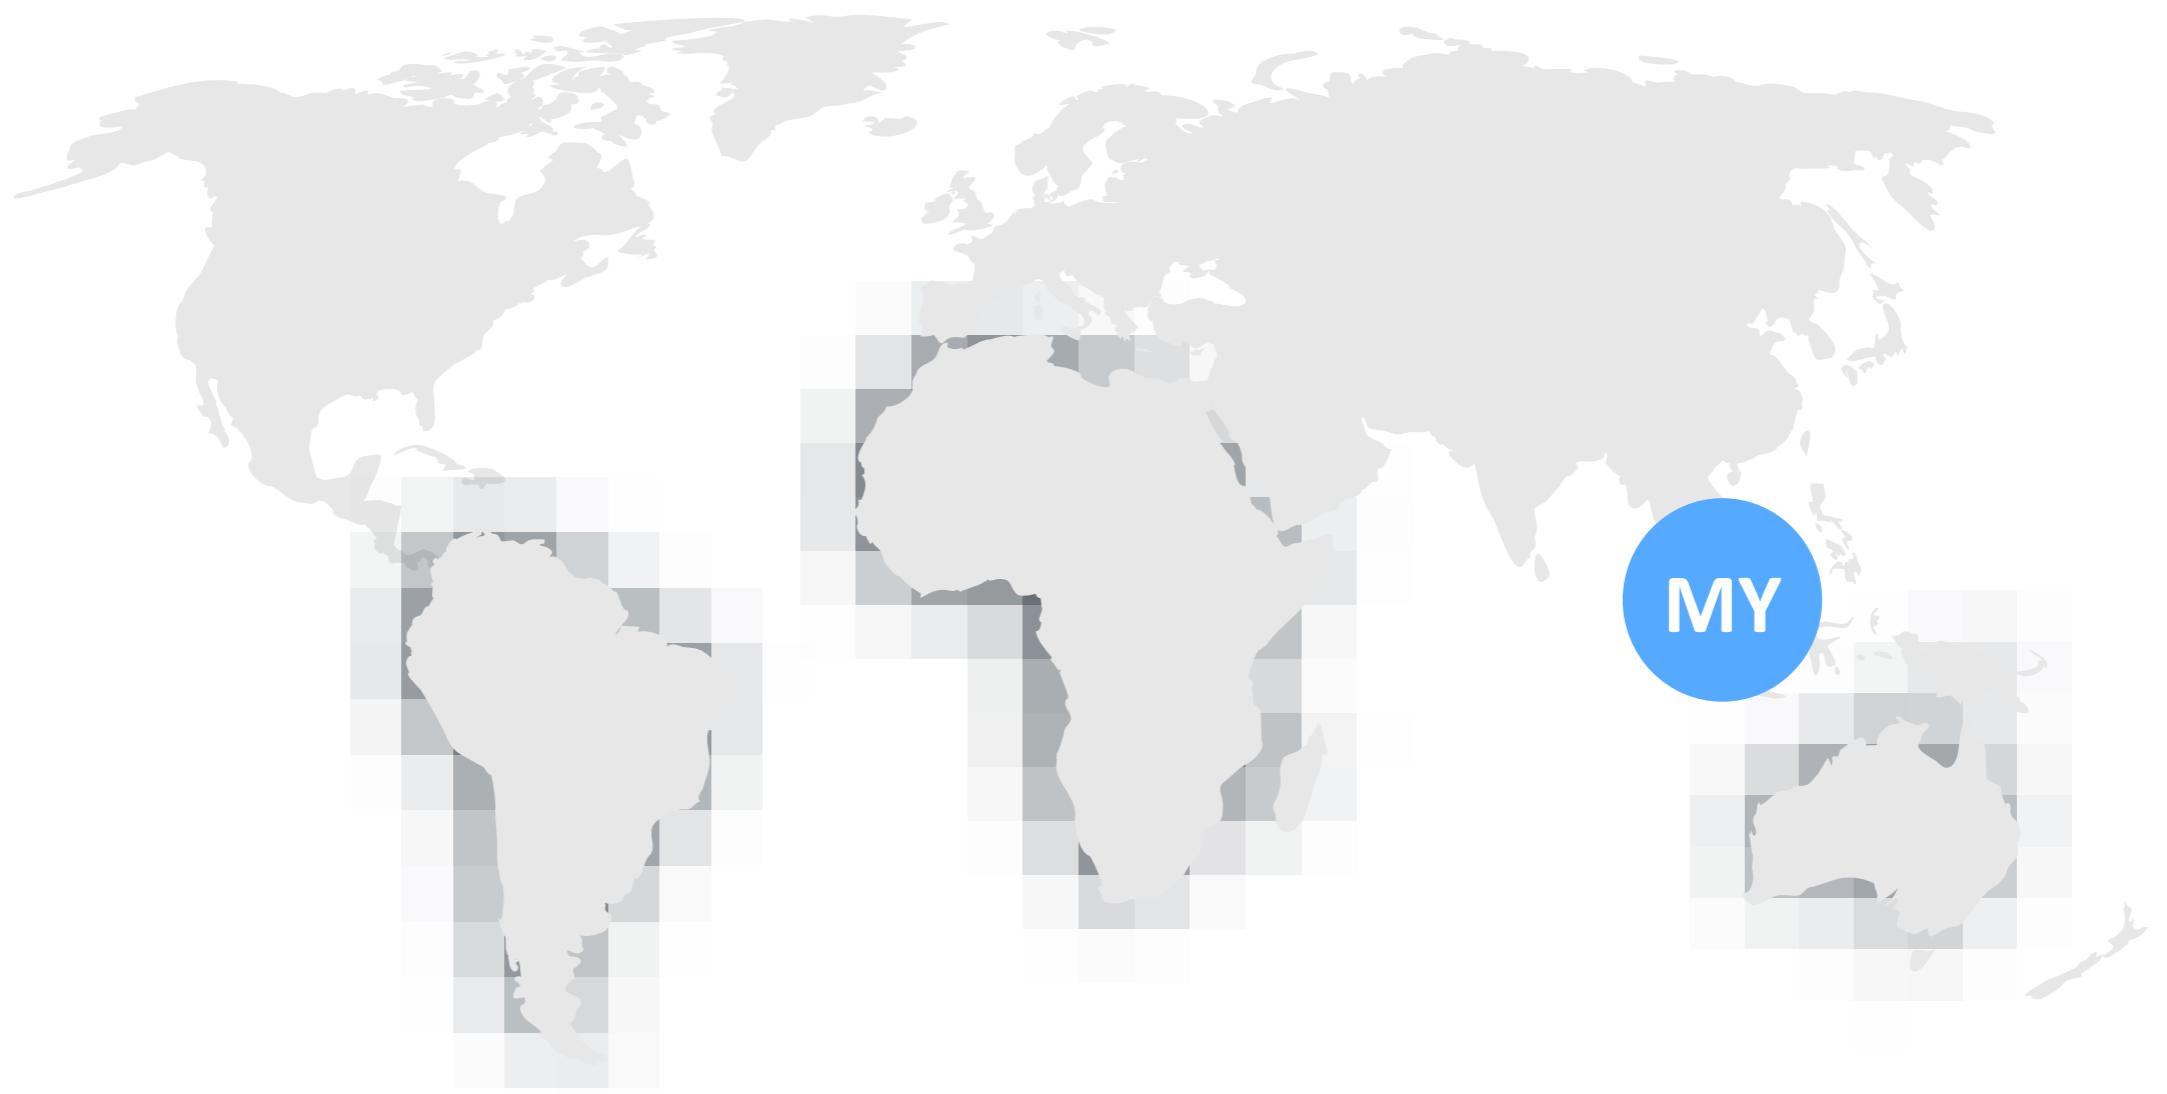

The liquidity pool was the largest holder at the time of audit. Please use the link below to see the latest holders list.

[Click here to view the most up-to-date list of holders](#)

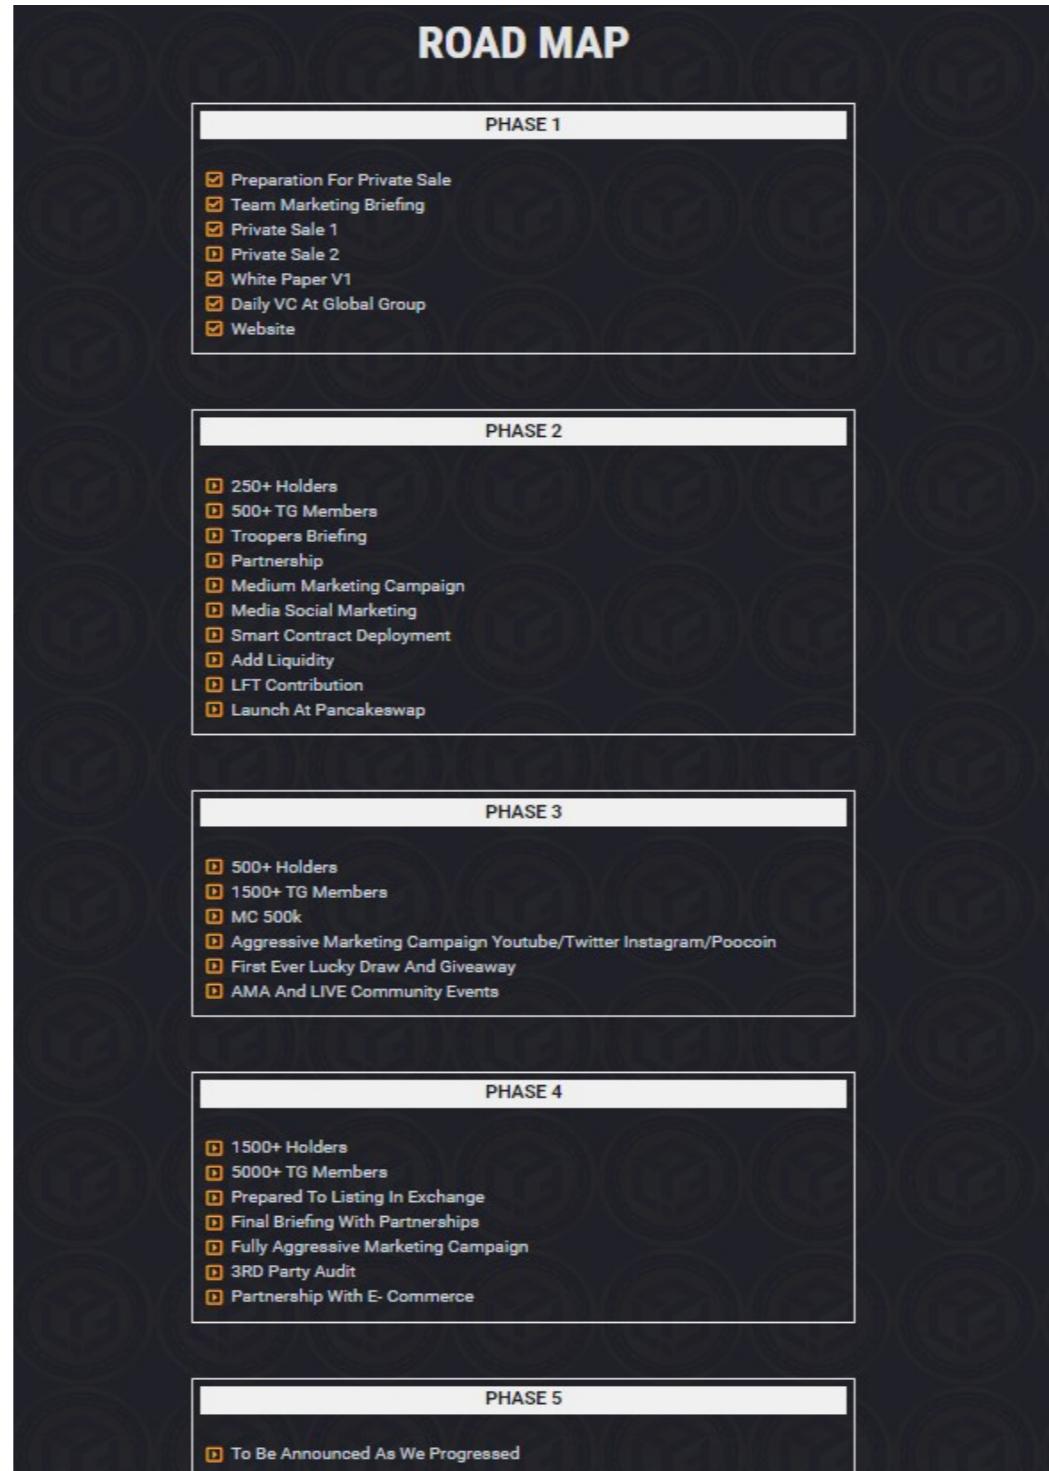

Location Audit

The primary location has been identified as Malaysia

Roadmap

A roadmap was found on the official website, we have conveniently placed it on this page for your viewing.

Disclaimer

The opinions expressed in this document are for general informational purposes only and are **not intended to provide specific advice or recommendations for any individual or on any specific investment**. It is only intended to provide education and public knowledge regarding BSC projects. This audit is only applied to the type of auditing specified in this report and the scope of given in the results. Other unknown security vulnerabilities are beyond responsibility. Vanilla Pudding Finance only issues this report based on the attacks or vulnerabilities that already existed or occurred before the issuance of this report. For the emergence of new attacks or vulnerabilities that exist or occur in the future, Vanilla Pudding Finance lacks the capability to judge its possible impact on the security status of smart contracts, thus taking no responsibility for them. The smart contract analysis and other contents of this report are based solely on the documents and materials that the contract provider has provided to Vanilla Pudding Finance or was publicly available before the issuance of this report (issuance of report recorded via block number on cover page), if the documents and materials provided by the contract provider are missing, tampered, deleted, concealed or reflected in a situation that is inconsistent with the actual situation, or if the documents and materials provided are changed after the issuance of this report, Vanilla Pudding Finance assumes no responsibility for the resulting loss or adverse effects. Due to the technical limitations of any organization, this report conducted by Vanilla Pudding Finance still has the possibility that the entire risk cannot be completely detected. Vanilla Pudding Finance disclaims any liability for the resulting losses.

Vanilla Pudding Finance provides no guarantees against the sale of team tokens or the removal of liquidity by the project audited in this document. Even projects with a low risk score have been known to pull liquidity, sell all team tokens, or exit-scam. Please exercise caution when dealing with any cryptocurrency related platforms.

The final interpretation of this statement belongs to Vanilla Pudding Finance.

Vanilla Pudding Finance highly advises against using cryptocurrencies as speculative investments and they should be used solely for the utility they aim to provide.
